

handler, producer, dehydrator, and other person who furnishes boxes or bins in which such raisins are held for the account of the Committee on August 15 and the following September 1 shall be compensated for the use of such boxes and bins. The rate of compensation shall be: For boxes, two and one-half cents per day, not to exceed a total payment of \$1 per box per year, per average net weight of raisins in a sweatbox, with equivalent rates for raisins in boxes other than sweatboxes; and for bins twenty cents per day per bin, not to exceed a total of \$10 per bin per year. For purposes of this paragraph, *box* means any container with a capacity of less than 1,000 pounds and *bin* means any container with a capacity of 1,000 pounds, or more. The average net weight of raisins in each type of box shall be the industry average as computed by the Committee for the box in which the raisins are so held. No further compensation shall be paid unless the raisins are so held in the boxes on the succeeding September 1.

(d) *Payment for other services*—(1) *General*. In addition to the payments provided in paragraphs (a), (b), and (c) of this section, handlers shall be compensated for other services performed with respect to reserve tonnage raisins as set forth in this paragraph.

(2) *Transportation*. The Committee may arrange with any handler for transporting reserve tonnage raisins. Payment for such transportation shall be based on then prevailing haulage rates within the production area for the type of transportation required.

(3) *Packing*. A handler who accepts an offer by the Committee to pack reserve tonnage raisins for its account shall be compensated for such packing in an amount determined by or acceptable to the Committee. In considering the amount of compensation to be paid, the Committee shall take into account, among other factors, the particular varietal type of raisins to be packed, the particular pack or package required, and the quantity and quality of the raisins to be packed.

(4) *Redelivery*. In the event the Committee removes reserve tonnage raisins of a previous crop year from a handler upon the request provided for in § 989.66(f) and such handler subse-

quently desires redelivery to him of reserve tonnage raisins for contract packing, or other purpose, he shall reimburse the Committee in advance of such redelivery for the net costs to it of the removal, storage, and redelivery of such raisins: *Provided*, That the Committee may waive payment by the handler of part or all of such costs if it determines that such waiver is reasonably necessary to the prompt and favorable disposition of the raisins involved.

Subpart—Conversion Factors

§ 989.601 Conversion factors for raisin weight.

The following factors for the named varietal types of raisins shall be used to convert the net weight of reconditioned raisins acquired by handlers as packed raisins to natural condition weight. The net weight of the raisins after the completion of processing shall be divided by the applicable factor to obtain the natural condition weight: *Provided*, That the adjusted weight does not exceed the original weight of the raisins prior to reconditioning; and *Provided further*, That, if the adjusted weight exceeds the original weight, the original weight will be used.
